To whom it may concern:

This letter confirms that Sentry Assurance has conducted a Type 2 SOC 2 examination of Dope Security's (the "Company") Managed Security Services.

The scope of the Type 2 SOC 2 examination performed by Sentry Assurance included the 2017 Trust Services Criteria (TSP section 100) regarding Common Criteria/Security surrounding the Company's Managed Security Services.

The examination of management's assertions as included in the "Report of Management on Controls" was conducted in accordance with the attestation standards established by the AICPA and was performed to determine if the written assertion by management fairly presents the Company's environment related to the 2017 Trust Services Criteria regarding Common Criteria/Security in all material respects and based upon criteria stated by the AICPA.

As of the date of this letter, all testing procedures related to the Company's Managed Security Services are complete. Based on our examination we have obtained reasonable assurance, in all material respects, that (1) the description was fairly presented based on the description criteria, and (2) the controls were suitably designed and operating effectively to meet the applicable trust services criteria for the period November 01, 2022, to October 31, 2023.

Please don't hesitate to contact me if you have any questions.

Regards,

*Sentry Assurance*
